

Canoe Sprint U23 Selection Policy 2023

Introduction:

For athletes in this development bracket some careful planning and prioritisation is encouraged. As usual there are many options and paths to take. The IP would like to encourage athletes and coaches to identify events to target that support longer term development to ensure that competitions can be properly prepared for, while also using domestic regattas to build racing experience. In addition to the senior competitions (World Cups, European Games and World Championships) for which U23 athletes are eligible there are also the U23 European and World Championships. The single selection point for these events is the June regatta, allowing athletes to gain racing experience early in the season and prepare with a greater focus on the championship events. Please note that we have tightened the policy for Exceptional Circumstances. Athletes need to make sure that they do everything they can to keep injury and illness free and race at the relevant selection events.

All athletes wishing to be considered for Senior & U23 Team selection during 2023 should complete the online registration document by 16th March 2023 [here](#) or link:

Athletes wishing to contact the IP in relation to the relevant provisions in this policy should do so via email to enquiries.internationalpanel@britishcanoeing.org.uk

SECTION A: PURPOSE AND PRINCIPLES

1. Purpose

The purpose of the Canoe Sprint selection policy is to clearly outline the processes which will lead to the selection of the GBR U23 Canoe Sprint Teams for all 2023 international events named within this policy. It also aims to support the longer-term goals of the sprint strategy to 2024 and 2028.

2. Principles

- 2.1. The primary focus of National Team Selection will be to optimise performance in targeted Olympic events.
- 2.2. The Selection Policy seeks to select the best athletes in a transparent way that prioritises optimal preparation time for achievement of international success.
- 2.3. Selection will be based on results in selection races and subject to an assessment of performance standards. All eligible athletes will be considered equally for selection against the stated selection criteria regardless of club, training location, age, Home Nation and programme status.
- 2.4. The Selection Policy provides opportunities to use unfilled event places for development opportunities.
- 2.5. Selections will be made in alignment to, and in support of, the Canoe Sprint Performance Strategy.

SECTION B. ELIGIBILITY AND PERFORMANCE STANDARDS

3. Eligibility

- 3.1. To be eligible to be selected to any 2023 GBR Team, athletes/crews must meet the following conditions (full detail can be found in British Canoeing's [Eligibility Policy](#)):
 - 3.1.1. Meet age and nationality criteria for international competitions as outlined below
 - 3.1.2. Be a full member of British Canoeing or Home Nation Association that enables participation in competition
 - 3.1.3. Athletes on a funded programme need to have signed their Programme Athlete Agreement. Athletes outside Programme funding will also be expected to sign up to the British Canoeing Great Britain Team participation agreement on accepting selection at least two weeks before travelling to the first competition and settle any outstanding payments prior to travel.
- 3.2. Where athletes compete in more than one eligible selection event, the policy will be applied in isolation for each specific event.
- 3.3. British Canoeing reserves the right to deselect an athlete who has been found guilty of a disciplinary offence under British Canoeing/ICF rules. This includes doping offences.

4. International Eligibility

- 4.1. Selection will be subject to eligibility in accordance with competition rules laid down by the International Canoe Federation (ICF) and the European Canoe Association (ECA).

- 4.1.1. The first year a junior or U23 athlete can compete at World and European Senior/U23/Junior Championships is the year of their 15th birthday.
- 4.1.2. The last year an U23 may compete in the Under 23 category is the year of their 23rd birthday.

5. Performance Standards

The International Panel (IP), will apply a performance standard for all selections under this policy to ensure athletes/crews are of the appropriate level for the competition they are being considered for. The detail of the application of performance standards can be found in **Appendix 1**. The IP reserve the right to not apply a performance standard either at all or as prescribed in **Appendix 1**, where circumstances arise which in the IP's reasonable opinion would make the application of the performance standard at **Appendix 1** unsuitable.

SECTION C: GREAT BRITAIN SPRINT U23 TEAM SELECTION 2023

 - 9.1.1. Medical grounds – i.e. when an injury/illness may, in the reasonable opinion of the IP and a suitable medical professional, inhibit the achievement of appropriate performance and/ or mean the athlete cannot reasonably be considered fit to travel; or
 - 9.1.2. Suitability as a team member, where for example (but not limited to) an athlete's behaviour or attitude leads the IP to determine in its opinion that the selection of such athlete would be inappropriate; or
 - 9.1.3. Poor form – i.e. when an athlete's form in events and/or training has decreased to such a level that, in the opinion of the IP, they would no longer be able to achieve the required level of performance to be competitive at the applicable competition(s).
- 9.2. Any decisions taken in accordance with 9.1 will only be made following consultation with the athlete, appropriate BC coaches and/or medical reports and in the case of 9.1.3 include reference to applicable performance standards.
- 9.3. Following the selection of a crew boat to the U23 World and/or European Championships, the Senior Podium Coach must propose any changes to the composition of the crew due to injury, illness, poor performance or other circumstance to the IP who will consider the circumstances and determine an appropriate process to follow.
- 9.4. The Senior Podium Coach has discretion to use events within the U23 World & European Championship programme that are unfilled for further start line opportunities that do not otherwise compromise performance. This must be communicated to the Chair of the IP in advance of the relevant competition commencing.
- 9.5. A non-travelling reserve may be named in each individual event based solely on position in the identified selection race where performance standards have been achieved. In order of selection, named reserves will only travel in the event of injury or illness to a selected athlete or where a place(s) is declined.

10. Contingency

- 10.1. The IP retains the right to implement contingency measures where circumstances arise that prevent full, fair and competitive racing and adapt racing to ensure as fair a selection process as possible. This may include circumstances such as weather conditions and covid-19 implications.
- 10.2. The IP will monitor weather conditions ahead of a selection race, during the race and has a process for communication of real-time information.
- 10.3.  - 10.3.1. Rescheduling of any affected selection race(s) to early morning/ evening racing within the same regatta (if scheduling and weather conditions permit).
 - 10.3.2. Rescheduling of any affected selection races to an alternative competition (if appropriate)
 - 10.3.3. Rescheduling to a reserve date if available and appropriate.

For the purposes of this clause, exceptional circumstances are unplanned, unexpected, unavoidable and unforeseen.

- 11.2. Where an athlete wishes to invoke this clause, exceptional circumstances requests should be directed to the IP prior to the commencement of the selection competition via email at enquiries.internationalpanel@britishcanoeing.org.uk and should provide:

-End of Policy-

Appendix 1 – Performance Standard Data 2023 – International Panel Selection Guidance.

As per section 5, Performance Standards will be applied to all performances considered under the selection policy. This is to ensure a level of consistency to selections across classes and that all athletes are selected for the appropriate level of competition.

The process for how performance standards will be applied:

1. The IP agrees the standard of team as expressed as a minimum performance level. E.g., Ability to achieve a B final or better.
2. The IP collects all times from the relevant selection regatta and collates the % difference to World Leading Time for each event.
3. The IP collects weather information from the relevant selection regatta through the event.
4. The IP then uses available information to agree where the % of WLT will be set for that selection event, taking into account the above points.
5. The IP may adjust the standard applied to selections to reflect changing conditions during the regatta and the performance impact of conditions on different events.
6. The IP may adjust the standard applied for a particular event to reflect the most recent knowledge of performances within that event.

Whilst this process relies on objective data it is acknowledged that these decisions are ultimately subjective in nature.

The objective data used as guidance in decision making for the IP is shown in Table A and Table B below.

Table A shows the Senior, U23 and Junior WLTs and the % difference between the Senior WLT and U23 and Junior WLTs. A comparison of the % differences can be used as part of the process to understand the performance standards.

Table B shows reference selection ranges for senior, U23 and juniors that will be used as a starting point to agree the performance standard of the relevant team being selected. HPP course record times are also shown as an additional reference for the determination of appropriate performance standards.

Table A:

**The WLT is the average of the 40 best times recorded at international level competitions.*
