

British Canoeing Canoe Slalom Junior, U23 & Senior Selection Policy 2020

Note – To be read in conjunction with 2020 Olympic Team Selection Policy Published 11.12.2018

Introduction – Mark Ratcliffe, Head Coach Canoe Slalom:

"2019 was a big year for our British team athletes with an amazing home World Cup, successes at age group Championships, and an incredibly competitive Olympic selection process culminating at the World Championships. Great Britain gained hard earned Olympic quotas in each Olympic category and we have selected a fantastic team to represent our sport next year in Tokyo. I'd like to pay tribute to all the athletes who have been incredible this year and wish the Olympic team every success out in Tokyo. I'd also like to thank every volunteer, parent, coach and judge who have supported athletes. This year's selection series offers a great opportunity to integrate junior, U23 and Senior paddlers and as ever places will be tightly fought as we look to continually improve the quality and depth of our GB Slalom teams.

Enjoy the racing, focus on you and paddle without fear!"

SECTION 1 – OVERVIEW

1.1 British Canoeing Canoe Slalom International Panel

Since January 2005, the British Canoeing Board has been responsible for GBR Team Selection through the formation of International Panels in the two Olympic disciplines of Canoe Sprint and Canoe Slalom and more recently in Paracanoe. The Terms of Reference of the panel can be found [here](#). The International Panels are appointed by and report to the British Canoeing Board.

The Canoe Slalom International Panel is responsible for proposing and agreeing the selection policy on an annual basis including the Olympic Selection policy for 2020 and for selecting the Great Britain teams against this policy. The discipline committee play an integral part in helping to formulate the draft selection policy for consultation within the sport.

The members of the International Panel are selected on the basis of experience and competency. The level of experience required relates to previous experience of selection/GB Team matters, current knowledge and first hand practical experience of the sport at a National and International level. The panel retains overall authority for all aspects of policy including selection venues, dates and for selecting all Great Britain representative teams at Senior, Under 23 and Junior levels.

Subject to board appointment, the International Panel members for 2020 will be (all with voting rights):

Chair: Andy Maddock (British Canoeing)

Core members: David Spencer (Slalom Committee Representative), Paul Ratcliffe (British Canoeing), Mark Ratcliffe (British Canoeing) and Jim McConnachie (Independent member)

The BC Slalom Committee also has a non-voting appointed observer: Martyn Setchell (appointed by the Slalom Committee) attends all International Panel meetings and is copied in on all correspondence as an observer.

Additional members: Following the completion of each selection series, National coaches from UK Programmes with representation from Home Nation programme coaches are invited to attend the International Panel meeting to advise on team selection with reference to the published policy. Invites are sent out in advance inviting Home Nations and programmes to send a nominated representative.

1.2 International Panel Vision Statement - Canoe Slalom 2019-2020

Rio 2016 was the most successful Olympics of the modern era for Team GB and it was the finest performance at any Games for British Canoeing (Slalom & Sprint) with 4 medals: 2 Gold & 2 Silver & 5 medals in Paracanoe. In Canoe Slalom GBR finished joint top (with Slovakia) in the Olympic medal table. The bar has been raised significantly for Olympic sport in this country and the competition for funding is fiercer than it has ever been.

By the time of the 2020 junior, U23 and senior team selection series the Olympic boat and Olympic reserve boat will have been selected and the 2020 series presents opportunities for established seniors as well as emerging athletes onto the senior stage towards the Paris 2024 Olympic cycle.

1.3 Olympic Strategy Tokyo 2020

Following the 2019 Canoe Slalom World Championships, British athletes secured the maximum of four (4) boat quota places for the 2020 Olympic Games (WC1, WK1, MC1, MK1).

The strategy focuses on ensuring the maximum boat quotas are qualified, now that the quota places are qualified the focus will be the best prepared team for Tokyo and that the Olympic team is selected based upon profiling a championship performer not just a domestic performer. The key goals for 2020 are:

- To be the No 1 Canoe Slalom Nation at the Tokyo 2020 Olympic Games.
- 2 boats per event making finals at Junior and U23 World Championships in 2020.
- To be the No 1 nation on the individual medal tables at the World Championships in U18, U23 and Senior by 2024.

2020 Excel

- Our goal is to contribute as much as we can to the overall medal total for TEAM GB in Tokyo.
- Run parallel projects to accelerate 2024 talent pool e.g. World Cups released post Olympics in 2020.

Selection Policies will be a key tool in supporting the objectives throughout the Tokyo cycle.

1.4 2020 Senior, U23 & Junior Team Aims (in order of priority)

1. To win medals at the 2020 Tokyo Olympic Games
2. To win medals at the 2020 U23 and Junior World Championships.
3. To win medals at the 2020 Senior, U23 and Junior European Championships.
4. To win medals at the 2020 World Cups and enable development opportunities at World Cups.
5. To qualify at least two boats per event into U23 & Junior World Championship finals in 2020.

1.5 Conflicts of Interest

British Canoeing is committed to upholding high standards of integrity and as such any member of the International Panel shall declare any conflicts or potential conflicts and shall refrain from participation in the discussion of and any vote in respect of any selection matter in which they have a conflict of interest unless such conflict can be resolved. If a person is unsure whether they have a conflict or potential conflict they should consult the Head of Governance and Compliance.

1.6 Amendments

The selection policy may be amended at any time by British Canoeing for one or more of the following circumstances:

1. Any changes in rules governing a particular competition, policy or event
2. Any change in ICF/ECA eligibility, rules, calendar or programme of events
3. To give effect to the selection process in case of a drafting error or oversight
4. To clarify any ambiguity to the intended meaning of the selection policy
5. Any other reason determined by British Canoeing at its total discretion that is in the best interest of British Canoeing and in line with the principles outlined for selection

SECTION 2 ELIGIBILITY & QUALIFICATION FOR GBR 2020 SENIOR, U23 & JUNIOR TEAMS

2.1 To be eligible to race in any 2020 GBR Senior, U23 & Junior Team Selection series athletes/crews must meet the following conditions and enter the race by the published deadlines (full detail can be found in British Canoeing's [Eligibility Policy](#)):

Note that in the event that the 2021 Canoe Slalom World Cup 1 Goes ahead before the end of March 2021, then selection for World Cup 1 will be based upon the team in order of eligibility for the 2020 season. The 2021 World Cup 1 currently does not form a part of the 2024 Paris strategy and will therefore not be funded for any selected athletes.

3.1 Competitions U23 & Junior Teams 2020

Jun & U23 European Championships (Perf & Dev't Team**)	Krakow, POL	13-16 August 2020

** As there is no Senior World Championships in 2020, there will be no requirement for senior team athletes to release an identified development race.

3.2 2020 Junior, U23 & Senior Team Selection Race Detail:

Race 1	Saturday 21 st March 2020	SF/F Format	Holme Pierrepont
Race 2	Saturday 4 th April 2020	Best of 2 runs Format	Lee Valley
Race 3	Sunday 5 th April 2020	SF/F Format	Lee Valley

The Back-up for this series would be dealt with within the dates above through the contingency section 4.5.

3.3 2020 Junior, U23 & Senior Team Selection Race Format

Subject to contingency there will be one competition for junior, U23 & senior team selection comprising of 3 races. Eligibility to race is determined by the published eligibility criteria confirmed in section 2.

Races 1 & 3: semi-final/final format:

Only the top placed boats from the first run (semi-final) will be included in a second run (final) (there will be a six boat Junior final, and a combined 8 boat U23/Senior final) with the following detail:

- Points will be based on the finishing order of finalists followed by the finishing order of the semi-finalists who did not proceed to the final.
- If, for any reason, finalists do not start in the final they will be ordered in the last places of the final based on their semi-final result.
- For achievement of performance standards, performance standards can be achieved on any run in the race series.

In the event of junior athlete(s) qualifying in multiple finals in an event, they will race in their primary age range final and their result from their finals run will be used to calculate both Junior, U23/ senior selection points as appropriate. In this situation no additions will be made to the final (e.g. if 2 junior athletes qualify into an eight boat senior/U23 final, six boats will start in the Senior/U23 final, six in the junior final and the results from the 2 juniors will be inserted into the senior/U23 results after the race).

Race 2: Best of 2 runs:

Race 2 selection results will be determined from the final race results of a 2 run race with the best run counting (classic).

The start order for all 2020 selection races will be the reverse order of qualification to the Senior/U23 selection process followed by reverse order of National Ranking 2020 bib.

3.4 Points allocation and 2020 Junior, U23 & Senior Team Selection ranking:

Senior & U23 Selection will be run as one race each day with one single set of results for each day for all eligible paddlers which will determine the points allocation. U23 Selection will be determined by the order of eligible U23 athletes in the senior points table.

For the avoidance of doubt, any athletes pre-selected for the 2020 Senior & Olympic team who race in any of the selection races will be omitted from any points allocation in the event in which they are pre-selected.

Junior Selection will be run as one race each day with one single set of results each day. Junior Points will be allocated based on the single set of results each day for all eligible paddlers with one single points table for the junior selection series.

Calculating the overall 2020 Senior, U23 & Junior Selection results:

The points system used for each of the three races is:

30pts 1st place, 27pts 2nd place, 25pts 3rd place, 23pts 4th place, 22pts 5th place, 21pts 6th place etc.

- The individual boat's best two points scores from the three races are added to give their overall selection ranking points score.
- Athletes competing in 2 races or fewer will keep any points achieved. Athletes are not required to compete in all three races of selection.
- Ties in points are decided using, in order:
 1. Best discarded result (points).
 2. Higher finisher in final race of the 2020, 3 race competition.

2020 Senior, U23 & Junior selection shall consist of a minimum of two races. In the event of the failure of one or more races then selection may be decided by reference to the points table using the best 2 results from the 2 races completed. Should this situation occur, ties in points decided using, in order:

1. The best single result in 2020 selection competition (points).
2. Higher finisher in final race of the 2020, 2 race competition.

Note: Any juniors qualifying for U23 or Senior team selection will appear in both tables and their result each day will determine the points received in each table (which most likely will be different).

3.5 Course Design Senior, U23 & Junior Team Selection Races

The course designers for race 1 will be drawn on Friday 20th March 2020 and for races 2 & 3 on Friday 3rd April 2020 after the last training session of that day. For each race two coaches are responsible for the course design and they will be drawn as:

Draw 1 contains technical coaches from the Olympic Podium Programme or substitute approved in advance by the IP.

Draw 2 contains employed coaches from Scotland (1), Wales (1) England (1) as well as the Olympic Podium Potential Programme (2).

The appointed Chief Judge will be involved directly in the course design proposals. Following the course design draw, course designs are to be submitted to the Chief Judge. Course approval takes place immediately following demo runs. Final pole adjustments are made by the course designers (or delegated to the Head Coach or Performance Director) in consultation with the Chief Judge.

For the competition, subject to contingency and changes for safety reasons, course configurations will be set and will remain in place from 1 January 2020 for Holme Pierrepont (unless flooding delays the process) and 14 January 2020 for Lee Valley to following 2020 Selection competition dates.

Course design will reflect 2020 ICF rules and 2019 start and finish lines.

3.6 RELEASED RACES & RELEASED PLACES 2020:

For cost effective and efficient planning and logistics, athletes are required to confirm participation in each International competition. Any released places will be offered to reserve boat(s) on the understanding that the original selected athlete may apply to the Head Coach up to fourteen days prior to the date of competition commencing for re-instatement of their original place(s). The athlete has to satisfactorily demonstrate that circumstances justify the return of the released place from a performance perspective. The Head Coach will evaluate the justification and make the final decision.

3.7 From 2020 we will implement a released race policy for Senior World Cup events which prioritises athletes who are close to making the senior team. As such these races are seen as development opportunities for this level of athletes and most appropriate for their stage of development. Therefore released places will be based on senior team performance standards, though not restricted by age to achieve eligibility. This decision is in response to growing international race opportunities for developing athletes. In 2020 any released places from the 2020 senior team will be offered in the following order:

1. 2020 Senior Team named reserves

Where athletes may be doubling up, the policy will be applied in isolation for each specific class therefore doubling up may not be possible.

3.8 For the **U23 World Championships** any released places will be offered in the following order:

1. 2020 U23 World Championships selected named reserves in order of the selection points table.

For the **U23 European Championships** any released places will be offered in the following order:

1. 2020 U23 World Championships selected named reserves in order of the selection points table.
2. 2020 U23 European Championships selected named reserves in order of the selection points table.

For the **Junior World Championships** any released places will be offered in the following order:

1. 2020 Junior World Championships selected named reserves in order of the selection points table.

For the **Junior European Championships** any released places will be offered in the following order:

1. 2020 Junior World Championships selected named reserves in order of the selection points table.
2. 2020 Junior European Championships selected named reserves in order of the selection points table.

3.9 Forerunners for ICF Canoe Slalom European Championships, Lee Valley, 15-17 May 2020

Priority will be given to athletes from the 2020 GBR U23 Team selection points table that are not named on the GBR Senior Team in order of their final selection position. The next priority will be to senior team reserves. In the Canoe events this will be subject to left/right balancing therefore the IP reserve the right to select the most appropriate athletes, not necessarily in the order of their final selection position. Unfilled places will be offered to volunteers of a suitable standard by the race organisers.

SECTION 4 GENERAL INFORMATION – ALL 2020 GBR JUNIOR, U23 & SENIOR TEAMS

4.1 APPLICATION OF PERFORMANCE STANDARDS IN SELECTION DECISIONS

Upon completion of the 2020 selection series the International Panel will select the Senior (3rd boat and senior team reserves), U23 & Junior teams including reserves. In selecting teams, the panel will reference the Final Selection Ranking List and athlete selection will stop at the point that the performance standards are not achieved regardless of whether athletes further down the order have achieved standards.

Final Selection Ranking List

For each event, results for every race of the selection series will be combined into a final results table which will be sorted in descending order of total points achieved. Where competitors have equal points, additional factors will be applied (“tie breaks”) to arrive at a Final Selection Ranking List upon which team selection decisions will be made.

Subject to any Exceptional Circumstances and pre-selection through the 2019 and 2020 Olympic Team selection policy, the top three boats in each event within the appropriate team performance percentage criteria (where applicable) will be selected. Named reserve boats outside the top three are non-travelling reserves that will travel only in case of withdrawal of an entry. The panel will always consider sending the maximum boats subject to achievement of standard.

4.2 Selection into GBR Senior European Championship and World Cup team 2020:

The above teams will focus on Performance Delivery and selection is predominantly based upon selecting athletes of a standard to make a Championship/World Cup final in the identified year. Performance standards will be strictly applied. **Subject to any Exceptional Circumstances for automatic selection into a Great Britain Performance Team the standard must be achieved on 2 runs from any combination of up to 6 runs regardless of age.** Athletes & reserves will be selected in descending order of their position in the Final Selection Ranking List and athlete selection will stop at the point that two performance standards are not achieved regardless of whether athletes further down the order have achieved standards.

4.3 Selection into GBR Junior & U23 Teams 2020:

For 2020 there will be two clear types of team identified – a Performance Team (Junior & U23 Worlds) and a Performance & Development Team (Junior & U23 Euros):

4.3.1. Selection into GBR Junior & U23 World Championship Team 2020:

The above teams will focus on Performance Delivery with the aim of selecting athletes capable of achieving a Championship/World Cup final in the identified year and therefore Performance Standards will be strictly applied. **Subject to any Exceptional Circumstances for automatic selection into a Great Britain Performance Team the standard must be achieved on 2 runs from any combination of up to 6 runs regardless of age.**

Athletes & reserves will be selected in descending order of the Final Selection Ranking List and athlete selection will stop at the point that two performance standards are not achieved regardless of whether athletes further down the order have achieved standards.

4.3.2. Selection into GBR Junior & U23 European Championship Team 2020:

The Junior & U23 European Championship Team will focus on both performance delivery and athlete development towards performance in the future. Performance standards will be strictly applied. **Subject to any Exceptional Circumstances for automatic selection into a Great Britain Performance & Development Team the standard must be achieved on 1 run from any combination of up to 6 runs regardless of age.** Athletes & reserves will be selected in descending order of Final Selection Ranking List and athlete selection will stop at the point that one performance standard is not achieved regardless of whether athletes further down the order have achieved standards.

4.4 Application of Performance standards

The performance standards are based upon the Best Single Run Score (BSRS) achieved in any age category and in any event on a given course gate configuration. The athlete posting the BSRS must have entered the race (e.g. demos do not count but a pre-selected boat who has entered the race would count). Performance standards in all events are worked on scores (accuracy 0.01 seconds) as a % of the BSRS achieved on that day. Note that the BSRS can be from any event (not limited to K1M). Selection runs can only count for performance standards (for example an athlete not progressing into a final at junior selection cannot count their second premier race run).

Example percentage calculation on single run

BSRS = 94.44 secs total; 5th place K1W: score = 109.93 secs total, thus 5th place K1W percentage: 116.4%. <107% means 106.9999% or less

Performance standards for 2020 Great Britain Teams:

	MK1	WK1	MC1	WC1	C2Mx	MC2*
Senior	<108%	<123%	<114%	<142%	<145%	<126%
U23	<110%	<127%	<116%	<145%	<148%	<130%
U18	<114%	<133%	<122%	<150%	<150%	<135%

*European Canoe Association events only

Performance standards will be strictly applied as outlined. If an athlete achieves the required quantity of the minimum performance standard specified above from up to 6 opportunities, they are deemed to have met the performance standard.

4.4.1. Performance Percentage Criteria monitoring

The percentage performance criteria have been adjusted based upon data from 2009-2019. In particular they reference the most recent International data from 2019 and will be re-assessed for 2021.

Athletes who enter more than one event will need to demonstrate a full commitment to the competition programme of both events in the case of being selected into any team. Any decision would be determined by reference to coaching staff to determine if appropriate training is being undertaken. If this is not the case, then the place will be awarded to the next boat in line (pending fulfilment of selection criteria).

4.5. Contingency

The International Panel retains the right to adapt racing to ensure a fair process in line with the following principles and processes:

The Chief Judge will have the responsibility to assess weather conditions and make necessary decisions relating to the timetabling of the event. The Chief Judge and International Panel will also have the responsibility to make any adjustments to the timetable following any delays. Should local conditions threaten the planned racing then the Chief Judge reserves the right to amend the race format/schedule/start or finish lines in any way necessary to complete fair racing.

Examples of such amendments could include:

- Early morning/evening racing under floodlights.
- Taking results from first runs only.
- Counting results from runs where a whole event/phase has been completed fairly.
- Reducing start intervals.
- Not changing the course between races.
- Changing order of events.
- Single run races/multiple races in 1 day.

This is not an exhaustive list and all other options are also able to be considered to complete a fair selection series in accordance with the specific challenge(s) identified. The minimum number of races that all GBR Team Selection series will include is 2.

For International Panel announcements refer to www.canoeslalom.co.uk and/or www.britishcanoeing.org.uk . During events, important information will be posted at race control and on the British Canoeing Facebook page.

4.6 Force Majeure

“Force Majeure” means any act, event, omission, cause or circumstance not within the reasonable control of British Canoeing or the race organisers, including but not limited to any strike, lockout or other industrial action, any civil commotion or disorder, riot, invasion, war or terrorist activity or threat of war or terrorist activity, any action taken by a governmental or public authority of any kind (including, without limitation, not granting a consent, exemption, approval or clearance), any fire, explosion, storm, flood, earthquake, subsidence, epidemic or other natural physical disaster. In the event of such Force Majeure affecting the application of the policy, the IP shall have the sole discretion, in consultation with the BC Head of Governance and Compliance, to make a decision in line with the principles, strategy and mission of this selection policy.

4.7. Exceptional Circumstances GBR Teams 2020

British Canoeing considers exceptional circumstances to be unplanned, unexpected, unavoidable and unforeseen.

If an athlete/crew (C2) is unable to contest selection the International Panel (IP) reserves the right to provide a further opportunity to qualify to compete at the 2020 Senior European Championship, 2020 World Cup, U23 European and/or U23 World Championships, subject to the following conditions:

- Certificated evidence of illness or other exceptional circumstance must be presented to the IP prior to the commencement of the selection competition.
- In such a case the IP may identify a single race opportunity whereby the 3rd boat of the selected team and the identified athlete(s) would compete for a European Championship, World Cup and/or World /Euro Championship place in the age group.
- If this situation arises more detail would be provided following the IP meeting immediately after the spring 2020 Selection competition.
- The IP has the sole discretion to invoke this clause if required and any decision is final.
- The athlete/crew must satisfy the criteria stated below:

For Senior European Championships, World Cup, U23 World or European Championships, the athlete/crew must be able to demonstrate, in both training and racing, superior performance above other athletes/crews. The IP will consider the following criteria:

- The athlete's training and racing profile (from GBR performance analysis data)
- ICF World Ranking, Performance at Olympic, Senior & U23 World Championship, Senior & U23 European Championship and/or World Cup races within the previous 24 months.

For exceptional circumstances to be considered in line with the above for Junior European and/or World Championship events, the athlete/crew must have previously made a minimum of a top 5 result at the Junior World and/or Junior European Championship in the 2018 or 2019 season.

4.8. Selection meeting and announcement of 2020 Great Britain Teams

Following a meeting of the International Panel, Junior, U23 & Senior team selections will be announced on www.canoeslalom.co.uk and on www.britishcanoeing.org.uk by 5pm on Tuesday 7th April 2020.

4.9 Funding and Participation (All GBR Teams)

Selection to a Great Britain Team is to specific identified races in accordance with the prevailing selection policy. Selected paddlers who are not funded through a British Canoeing UK Sport Lottery funded Programme may apply in writing to the athlete's Home Nation slalom committee for consideration of support. Applicants for such support are reminded that these funds are limited and securing other funding will almost certainly be necessary and that an athlete contribution will be required.

All athletes putting themselves forward for selection for a Great Britain team are expected to hold a valid passport with a minimum of 6 months unexpired validity and hold a current European Health Insurance Card (if still applicable depending on UK's EU status).

From 1 January 2019 Great Britain will continue to select C2M, C2Mx & Extreme Slalom athletes at Junior, U23 and Senior championship events where offered on a competition programme (all athletes will have to self-fund the full costs of attendance). The C2Mx & Extreme Slalom events remain a full ICF World Championship discipline but as non-Olympic events, cannot be supported by UK Sport lottery funding. Selected non-funded athletes will be provided support by Team Management for communication and liaison purposes but coaching and travel arrangements will be the responsibility of the individual athlete(s) unless specifically agreed otherwise.

Athletes selected in events that are part of the 2020 Olympic Games programme will be fully funded by British Canoeing to attend Senior World Championship, Senior European Championship competitions and 2020 Olympic competitions. Alongside travel and logistics support for these events, team management, emergency medical treatment, race day video and splits support will be provided. World Cups and preparation/training camps for non-funded athletes are the responsibility of the individual athlete and not part of the GBR Team programme unless agreed, however support to establish projected costs in advance and assistance for making travel bookings may be provided upon request through the British Canoeing logistics team. Approximate trip costs will be provided at the point of registering for selection.

At U23 & Junior championship events British Canoeing may provide a small subsidy in 2020 Olympic events towards selected non programme athletes, but the majority of the cost will have to be paid for by the individual athlete through an athlete contribution payable prior to departure for the competition.

4.10 Paddler agreement (All GBR Teams)

Paddlers on a funded programme need to have signed their programme athlete agreement. Paddlers outside programme funding will also be expected to sign up to the British Canoeing Great Britain Team participation agreement on accepting selection, and at least two weeks before travelling to the first event.

4.11 Injury/Illness

The International Panel reserve the right to withdraw athletes from identified race(s) on the basis of injury/illness or lack of commitment to training. Such decisions will only be taken following consultation with appropriate coaches and/or medical reports.

4.12 Appeals Procedure

The British Canoeing Appeals process applies to all decisions made under this policy and can be found [here](#). Impartial guidance can also be offered through zofia.campbell@britishcanoeing.org.uk. That is why we have drafted a Privacy and Data Protection Statement, which follows guidelines set out in the Data Protection Act 2018 and which can be found on our website: <https://www.britishcanoeing.org.uk/about/privacy-centre>

4.15 Communications

British Canoeing is committed to providing open and informative communication in relation to selection. All athletes will receive formal confirmation of the selection and for those athletes who wish to discuss the outcome of decision made by the International Panel, the Chair of the International Panel will be available to speak informally to athletes and in the case of minors, parents.

4.16 ICF World Ranking & ECA Competitions (excluding World Cups)

All selected senior team athletes (including reserves) are first in line (in 2020 Senior Selection rank order) for World Ranking race entries. Entry number limitations may be imposed by the race organisers and entries must comply with British Canoeing International entry procedures which are published in the canoe slalom yearbook.

Unfilled places may be taken up, in the following order, by eligible paddlers:

- Attending Home Nation official training camps up to 2 per event per Home Nation.
- Selected to the GBR U23 Team in order, including named reserves.

4.17 ECA Junior Cup Races 2020

ECA Junior Cup Races in 2020 will be reserved and prioritised for Home Nation U16 Development.

The Head Coaches from the Home Nations will discuss and agree intentions in advance and consult with race organisers to determine predicted GBR entry limits. In the event of entry restrictions, the Home Nations will work together to determine who will attend. In the event of dispute, then the International Panel will make a final decision. If places remain at ECA Junior Cup races after Home Nations entries are counted or 1 month before the race whichever is earlier, entries will be submitted in the date order that the entry request was received.

4.18 Extreme Canoe Slalom:

Selection to ICF Extreme Canoe Slalom events in 2020 will be through a separate policy that will provide opportunities and be published by 7th April 2020.
